But remember also we've been told we don't need legislative "permission" to require this... that it can be a rule adopted by the appointing authority, correct?

We've given the amendment to Senate Judiciary for inclusion in the Governor's bill.
The House subcommittee will take up their version this week.

It will appear this week...my prediction

JB,

Just wanted to check in and see where this was. I think you said the last time it was in Judiciary. Keep up the great work.

I'm not sure what to do with this. He wrote again yesterday, complaining that he never received a response. Is there any way to find his comments and let him know they were received and appreciated?

No one ever suggested that the Gov. would respond. The clearly stated original request for ideas, also clearly stated that someone from the "Transition Team" for each group would respond. I don't for a minute expect the Gov. herself to respond.

Hi Michelle,

All "Voices" had an individual personal response sent back by a member of the Transition Team. Mr Wasserman received a generalized response on December 9th. The files were sent to the Commissioners of each department. The names/email addresses were withheld per Mike Tibbles, so the Commissioners would not have been able to respond.

His comment is attached, it may be good to forward over to the Commissioner Monegan's office for comment?

Hope this helps. If not let me know what I can do.
